**Comments**

\* Graded as mounting permits. Grades and weights may be approximate. \* Center Diamond Grading Characteristics (Symmetry: Excellent - Polish: Excellent). \*\*EXCELLENT IDEAL FINISH\*: The quality of the finish of this jewelry achieves Excellence in symmetry of proportions.

The above reported characteristics of the diamond were based on data collected by using a variety of gem testing tools, such as an electronic balance, a loupe (fully corrected) with 10X magnification and/or a binocular microscope with 10X magnification, a millimeter gauge, master stones, UV light sources, a proportionscope, fiber optic illumination, daylight balanced lighting, etc. The above diagram (if shown) is an approximate representation of the type and relative position of internal and external characteristics. Green symbols indicate external characteristics and red symbols indicate internal characteristics. This report is subject to the terms and conditions on the reverse. The foregoing report is made with the understanding, that the appraiser/gemologist assumes no liability with respect to any action that may be taken on the basis of this Report. This report is for insurance purpose only. \* Color enhanced \*\* Clarity enhanced
